
Subject: [BUG] Wrong png file name theide.desktop and theide-48.png is corrupted
Posted by [amrein](#) on Sun, 17 Aug 2008 18:19:51 GMT

[View Forum Message](#) <> [Reply to Message](#)

(1) Need to remove the ".png" extention in uppsrc/ide/theide.desktop as required by freedesktop.

Should be "Icon=theide"

2 - uppsrc/ide/theide-48.png is not a correct png:

```
# file uppsrc/ide/theide-48.png
```

```
./uppsrc/ide/theide-48.png: PNG image data, CORRUPTED
```
