Do you recommend any pack of free icons to use in applications?

Thanks

Hello Lectus

There are many free options available. It depends in the size you want and the style of them.

For example I sometimes use Silk Icons.

It really depends on what you want to use them but there are nearly unlimit sources:

http://www.iconfinder.com/search/?q
http://www.freeiconsweb.com/free-icons.asp
http://www.iconspedia.com/search/Search%20Icons%20-%20Enter% 20Keyword/

and much more... just take care for the licence (personal use, commercial use etc.)
