Hello,

I've tried the example found here
http://www.ultimatepp.org/srcdocWebSocketExample1$en-us.ht ml
But doesn't compile.

I have got the class CmdLineArgProcessor from here
http://www.ultimatepp.org/forum/index.php?t=msg&goto=191
57&&srch=CmdLineArgProcessor#msg_19157

Is there an upgrade of this package?

I'm using U++ 1517 and MSC9. Am I missing something?

Thanks,
Luigi
