Mindtraveller wrote on Tue, 10 November 2009 14:50A little question. May be it will be good idea to make scd file compatible with OpenOffice vocabulary files? So we could use OO community efforts in our projects.

You can convert these files to the plain set of words. I even have a tool to do so.

My problem with OO format is that I do NOT really have an idea how to use it for fast spellchecking
