I've just downloaded last version of theIDE but it still have not showed the pie. I've selected PieCtrl in the Layout window and part of the code is: (grafCostes is PieCtrl)

```
grafCostes.AddCategory ("FV Panels", CostFV, :: Color (242, 242, 11));
grafCostes.AddCategory ("Inverter + FV Regulator", CostInvReg, :: Color (255, 128, 0));
grafCostes.AddCategory ("Wind turbine + Inverter", CosteEolica, :: Color (0, 204, 204));
grafCostes.AddCategory ("Batteries", CosteAcum, :: Color (102, 204, 0));
grafCostes.AddCategory ("Generator", CosteDiesel, :: Color (178, 102, 255));

grafCostes.SetColor (Null) .SetPieMarginTop (10) .SetPieMarginBottom (10) .SetPieMarginLeft
(1) .SetPieMarginRight (400);

grafCostes.SetCatValue (0, CostFV);
grafCostes.SetCatValue (1, CostInvReg);
grafCostes.SetCatValue (2, CosteEolica);
grafCostes.SetCatValue (3, CosteAcum);
grafCostes.SetCatValue (4, CostDiesel);

imgCostes = grafCostes.GetImage (); //(Image imgCostes)

r.PlacelImage ("##IMG10", results.imgCost, Size (2000, 2000)); //(RepGen r)

Some help please.
```
