Kknd, actually, to compile theide itself, we have its own section on these forums:

href=" [http://www.ultimatepp.org/forum/index.php?t=thread&frm\\_id=25&](http://www.ultimatepp.org/forum/index.php?t=thread&frm_id=25&)"

P.S Btw, I expect you don't feel offended or have any other bad feelings if you are not 100% precise with your questions...
