Subject: Re: New major release?
Posted by nixnixnix on Fri, 17 Aug 2007 12:26:43 GMT

Yes as a "downloader" (freeloader?) I am feeling quite out of sync and am looking forward to a major release so I can tell my even-less-tecky-than-me colleagues to go download UPP and compile my code.

In case you're wondering why I'm even in this forum, I'm just here to lend moral support to Mirek and his wonderful idea for a new major release - soon

Nick
