Works for me here on vista with mingw besides the following warning and errors:

C:\upp\uppsrc\RichText\ParseRTF.cpp: In member function `Upp::String
Upp::RTFParser::ReadBinHex(char&) const':
C:\upp\uppsrc\RichText\ParseRTF.cpp:902: warning: converting of negative value `-0x000000001'
to `unsigned int'
This seems to be a path-problem and is not new but still present:
gcc: Files\MySQL\MySQL\: No such file or directory
gcc: Server\: No such file or directory
gcc: 5.0\include: No such file or directory
And the building-time is 5-times longer compared to xp:
OK. (5:17.65)
With XP it build my project within 1:30
