zsolt wrote on Sat, 27 October 2007 15:56 The problem is that showing big drawings, the scaling is buggy.

I attached a testcase: load a big image file and try resizing it.

Fix: CtrlLib/Static.cpp in void Picture::Paint(Draw& w) change a line:

```
//if(sr.cx * sz.cx < sz.cy * sr.cy) {  
if(sr.cy * sz.cx < sz.cy * sr.cx) {
```

Thank you, patch applied.

Mirek
