I sort of figured it out that some translations are needed. I ended up updating Lang.cpp and core.t with Finnish translations and language info.

Please, evaluate them and include to uppsrc if appropriate. Please let me know if updates/fixes or more things need to be done on this subject.

--

BTW: SetLanguage(::GetSystemLNG()) helps quite a bit, as I later also discovered in the documentation you linked to.

// Tom

Sigh... OK, my mistake, should have told that more clearly (again), but I really need that .tr file instead of patches to individual files.
