Xubuntu 7.10 with gcc 4.1.3 and, yes, the previous was a horrible bug report: I wrote the function name wrong for two times

This is the corrected version:

I've tried to compile Uvs2 with last svn version of Upp, but I've found missing qualifiers to calls to function GetTickCount() in plugin/ftp/lib/ftplib.cpp, lines 484, 491 . Writing UPP::GetTickCount() solved the problem.
