mrjt wrote on Wed, 14 November 2007 11:37 Okay, one more thing. When DropDownList is used as a frame (which btw. is now quite inconvenient since you can't use the TopFrame etc. templates) the background of the 'item' area is SColorFace instead of SColorPaper.

I'll stop now, I promise.

Well, that is the price for better Vista appearance (indirectly, but in the end, it is just about that).

Anyway, if you post me a testcase, I can fix it look better.

Mirek
