Subject: Re: ArrayCtrl with labels / layouts inside ?
Posted by jiaif on Tue, 27 Nov 2007 11:54:54 GMT

I tried 711-dev2, it's a bit better, but why is it so slow compared to 2007.1 ?

I have the same problem, i can add buttons on my array but they don't appear.

SetCtrl method definition is the same as in 2007.1 version :
Ctrl *newctrl
and not
Ctrl& ctrl

any other ideas ?
