Can anyone provide me an example how to use WithDropChoice?

Lets say i have this:

```
Add(lblCustomerName.SetText("Name:").SetAlign(ALIGN_RIGHT).RightPos(270,
150).TopPos(top, 20));
Add(fldCustomerName.RightPos(10, 250).TopPos(top, 20));
fldCustomerName.SetText(customerName);
```

How can i add a DropChoise-List to fldCustomerName which is an EditField-widget?

Michael
