dr_jumba wrote on Mon, 27 February 2006 16:12Hi,

Have found such an issue. When I start Build 602beta4, on FreeBSD 6.0 under xwm menus in ide disappear very quickly when I click them by mouse so I can't click menu items. When I access menu by pressing F10, everithing works fine with keyboard.
In KDE works fine.

Thanks, I will try to install twm.

Mirek
