I don't know if ubuntu has a package for QtCurve, i use zenwalk.

I compiled it from the source

[http://www.kde-look.org/content/show.php/QtCurve+\(KDE4%2C+KDE3%2C+%26+Gtk2+Theme\)?content=40492](http://www.kde-look.org/content/show.php/QtCurve+(KDE4%2C+KDE3%2C+%26+Gtk2+Theme)?content=40492)

Maybe this <http://packages.ubuntu.com/gutsy/kde/qtcurve> wil help.
