masu wrote on Wed, 15 February 2006 22:34I have created a FreeBSD port, it should be available soon to FreeBSD users via the ports tree.

Well, there were only quite a few changes needed. The patches are attached and are waiting for feedback.

Thanks,  
Matthias

Hello Matthias,

Can you explain the reason of patch for Install.cpp regarding UPP\_DIR?

```
#ifdef PLATFORM_FREEBSD
    String upp = FromSystemCharset(getenv("UPP_DIR"));
    if(IsNull(upp)) {
.....
```

Thanks.
