Hello!
How to send broadcast message for all computers of local network?

Example:
Work good

String host = "192.168.0.11";
ClientSocket(sock, host, _port, true, NULL, 5, false));

but

String host = "255.255.255.255";
ClientSocket(sock, host, _port, true, NULL, 5, false));

broadcast not work.

Thanks!
