## Subject: ArrayCtrl as a node of TreeCtrl Posted by Novo on Mon, 11 Feb 2008 03:25:29 GMT

View Forum Message <> Reply to Message

I'm trying to put an ArrayCtrl as a node of TreeCtrl.

Everything seems to be fine except of the positioning of the ArrayCtrl.

By default the ArrayCtrl will overlap with other nodes. If I set node's margin the ArrayCtrl will be shifted right and down. Shifting down seems to be a right thing, but shifting right doesn't look right.

Any suggestions how to fix that or how to do similar task in a different way?

TIA
