Quote:Well, mrjt, I like this. This is pretty good stuff, and I like the style of code too
Such a compliment!

Quote:Do you think it is ready enough to be included in 2008.1?Almost. One thing I need to do
first is to finalize the text so I can include a .t file, but I'll get this done today or tomorrow.

The long list of other improvements can be done later.

James
