kodos wrote on Wed, 09 April 2008 15:07Hi,

here is a screenshot of my configuration:

Here is another screenshot which looks quite the same. The only difference is the additional SDK "Microsoft Platform SDK for Windows Server 2003 R2". Actually, this is a reminiscence of Microsoft Visual C++ 2005 Express Edition. I'm not sure whether it is still necessary. Anyway, the configurations shown are known to work well.

Werner
