Subject: Re: Suggest Xmlize support for Value
Posted by mirek on Fri, 30 May 2008 16:12:42 GMT

Well, actually, binary Serialize is as good or even better handling hierarchies and even can easily handle versions (via simple int version = trick).

Anyway, maybe we should, instead doing this "implicit" and only for the Value, find some explicit way how to store binary serialized data into XML, I mean connect both systems....
