tojocky wrote on Thu, 05 June 2008 06:20The gtk is installed on my machine... maybe is not configured build methods?

You are building static configuration. That is the problem. Try to switch to a DLL-based configuration.

- 1) Setup->Build Methods->(Debug|Release) mode defaults : Shared libs.
- 2) Build-> Output Mode -> Use shared libs.

Both steps are necessary.
