Quote:Tom Rylek - he is much smarter than me Umm, he must be damn smart!
Quote:the only possible step in my personal carrier is to make it open-source - that is the only way I can possibly use it in my next job Nice!
Quote:Starting this year, we have got a sponsor, and he also gave me a job That's certainly great news; Congratulations.
Quote:it seems like making U++ free for commercial development was really a good idea Absolutely, and you've helped build a good community of developers who see the benefit of U++ and want to help too. I certainly will continue to use U++ in my work environment.

Thanks for the reply.
