Subject: added MultiButton::SetLabel(), DropGrid::AddText
Posted by unodgs on Sun, 15 Jun 2008 11:31:46 GMT

it's now possible to have label in button of multibutton. It can be mixed with the image. See picture:

For those who doesn't know. MultiButton is a part of DropList and DropGrid. In DropList you have to write:

dl.AddButton().SetLabel("hello").Left()

in DropGrid:

dg.AddPlus(THISBACK(Action))
dg.AddSelect(THISBACK(Action))
dg.AddText("hello", THISBACK(Action)).Left()
