unodgs wrote on Tue, 14 March 2006 12:31Try this...

```
#include <CtrlLib/CtrlLib.h>
```

```
struct Item  
{  
    int i;  
    int j;  
    Size GetSize() { return Size(i, j); }  
};
```

```
int main()  
{  
    Item item;  
    Size isz = item. // << DOSN'T WORK  
}
```

Works for me.... (In fact, I am not glad it does.... could indicate deeper problem..).
