Subject: Re: U++ SQL Begginer
Posted by captainc on Wed, 06 Aug 2008 20:33:08 GMT

I did some work on the documentation. There is now 3 topic++ categories. It's basically a collection of knowledge from the forum , examples, and my own work. If anyone would like to contribute/edit/change the info, it would be great, just post back. I'll keep the working copy for now and just evolve it as we go.
