thanks captainc

but i have a question

what is this

```
SQL; // <----- THIS
```

```
Sqlite3Session sqlite3;  
if(!sqlite3.Open(ConfigFile("simple.db"))) {  
    Exclamation("Can't create or open database file\n");  
    return;  
}
```

```
SQL = sqlite3;//<----- And THIS
```
