There should not be error in reference/Menu. What U++ version exactly are you using?

Mirek

Just now I performed some test on another computer. It was OK with no error. Maybe the previous failure was due to some option I have modified in the original setting.

Luigi

Interesting... THISBACK1 macro is defined in Core/Callbacks.h and should be indirectly included via

```
#include <CtrlLib/CtrlLib.h>
```

Mirek
