I want to add some controls to splitter bar. Let's say button. What is the easy way?

```
#include <CtrlLib/CtrlLib.h>
```

```
GUI_APP_MAIN
```

```
{ TopWindow w;  
  Button b;  
  Splitter horz;  
  LineEdit ed1,ed2;
```

```
  horz.Add(ed1);  
  horz.Add(ed2);
```

```
  w.Add(horz.Horz().VSizePos(35,35));  
  w.Run();  
}
```
