The buttons are not on the bar!

Please define "on the bar".

If I understand this well, maybe it should be frame ctrl? See

[http://upp.sourceforge.net/srcdoc\\$CtrlCore\\$AboutFrames\\$en-us .html](http://upp.sourceforge.net/srcdoc$CtrlCore$AboutFrames$en-us.html)

if this is not enough, you will have to either suggest Splitter improvements or define your own Ctrl (not a very complicated task in fact).
