Subject: DropList not working
Posted by dmcgeoch on Wed, 05 Nov 2008 20:43:02 GMT

Hello,

Using the 605 release from SVN I found that the DropList is not displaying the contents when selected. The problem can be seen the in the tutorial Draw03. I have tried a simple DropList with plain text and that does not work either. I am using MSC9 on Win XP.

Thanks,

Dave
