I get:

Print.cpp
c:\programs\upp-svn\uppsrc\ide\Print.cpp:69: error: expected `)' before '&' token
c:\programs\upp-svn\uppsrc\ide\Print.cpp:124: error: expected `}' at end of input
c:\programs\upp-svn\uppsrc\ide\Print.cpp:67: error: expected unqualified-id at end of input

when trying to compile latest SVN version (rev. 697).

Latest running version I have is 811.r172.

WinXP, Mingw 4.3.0

Matthias
