I Have this error:
Quote:
Exception: C0000005 at 00478D9A
EXCEPTION_ACCESS_VIOLATION
reading at 00000036

after when I use Function PromptOKCancel on win32 compiled with MSC8 DEBUG.
I thing that the error is in:

```
int Prompt(Callback1<const String&> WhenLink,
           const char *title, const Image& iconbmp, const char *qtf, bool okcancel,
           const char *button1, const char *button2, const char *button3,
      int cx,
      Image im1, Image im2, Image im3)
...
Vector<Ctrl *> wins = Ctrl::GetTopWindows();
 for(int i = 0; i < wins.GetCount(); i++) {
  TopWindow *w = dynamic_cast<TopWindow *>(wins[i]);
!!!!  if(w->GetScreenRect().Intersects(dlg.GetScreenRect()) && w->IsTopMost()) {
   dlg.TopMost();
   break;
  }
 }
```

becouse it cannot "w->GetScreenRect()"... may be the property "Rect16 rect;" of class Ctrl(object w) is not initialized becouse it used "TopWindow *w = dynamic_cast<TopWindow *>(wins[i]);"?

I attached the package where i get this error!
try to close application and error is prompt!
Help please!
