koldo wrote on Thu, 05 March 2009 04:53Hello all

I would like to show math equations like this in Upp (this one is just an example):

What could I do?:

- Is it possible to do it using Qtf?

No. You could embbed it IMO.

Quote:

- Would I have to draw it in Painter?

Best regards

Koldo

Well, I think the correct would be to create some sort of RichObject for this...
