cbpporter wrote on Fri, 20 March 2009 11:42I see you applied the patches. Well if it's final, I'm quite happy with both ToolButton and ButtonOption. Future additions only on a by need basis. Still need to investigate that tab key behavior, but I'll ignore it for now.

cbpporter Issue #004: ButtonOption is useless
Fixed

Well, I have also used it as excuse to develop patching for theide, and then I could check the result with full files too
