luzr wrote on Sun, 22 March 2009 22:52I am afraid for good or bad, we are stuck with fud for this reason. We might check a newer version, but that is about all we can do...

Mirek

Yes, this forum - this invaluable wealth of knowledge. It must be preserved. Possibly as a reorganization of the data. Maybe try to manually modify the forum PHP motor.

Perhaps you need to put the source code forum to network.
