Pop back: Alt+Left (forward: Alt+Right)
Mirek

 I didn't know these two...

That's why I think this kind of options must be in the context menu - for learning and reminding purposes for some people
  (including me...) and to avoid complains that theIDE has half of features of ...(some "favourite" list)

Hmm.. I understand for newbies it is better, but IMO in context menu there should be only the most important things.. Too large context menu scares me a little bit..
