leonardoce wrote on Sat, 01 April 2006 15:53 Thanks for the really quick reply!

I will try to compile the development version (603-dev4) to see if I can make a more recent stacktrace.

I hope that will be useful.

Thanks,

Leonardo

I believe that it will lead to the same error. The new version of part of code in question (in fact, raster bitmap support) is developed separately and is not part of "dev" releases yet.

Mirek
