I've no idea about how to fill the drop list, and how to add a checkbox inside the arrayctrl. For the rest I can try. I'll do it tomorrow afternoon and post here the code. For the moment I guess I must define a callback for the button "Add" that do the job.

Thanks a lot,
Luigi

DropList dl;
ArrayCtrl ar;

....

```
dl.Add(1, "First item");
dl.Add("Second", "Second item");

ar.AddColumn("Check").Ctrls<Option>();
```
