jeremy_c wrote on Mon, 08 June 2009 04:31 I am wondering if PromptYesNo should return IDYES and IDNO instead of 1 or 0? This seems a bit confusing to me.

Jeremy

Well, it is easier to write

```
if(PromptYesNo(...))
```

than

```
if(PromptYesNo(...) == IDYES)
```

In any case, it is too late to change this...
