Yes. See ide/LayDes/EscLib.cpp at the end is EscDraw.

However, Esc is not very fast...

Has the location of this file changed? I would like to see an example as well.

[/quote]

ide/LayDes/laylib.cpp

Quote:

Esc is not very fast... This message is a bit old, has the speed of Esc changed any?

Well, speed is relative. I guess it is fast enough for most scripting operations. I would say it might be a little bit faster than bash, definitely slower than python.
