Anybody using mingw recently? What are actual versions working with U++?

Mirek
The 4.4.0 version from Twilight Dragon Media works fine for me, e.g. to compile TheIDE with MT build option, but doesn't work with SSE2 like MSC9 compiler.

Oooh

I thought it worked with SSE2!

Anyway I have seen good references from that "unnoficial" MinGW version so I will try it.

Best regards
Koldo
