Thanks All

```
String ExecuteCMD(String p_CMD)
{
    One<SlaveProcess> sp = StartProcess(p_CMD);
    String Result;
    String k;
    while(sp->IsRunning())
    {
        sp->Read(k);
        Result += k;
    }
    return Result;
}
```

this function did it
