void SetNode(int id, const Node& n);

What do you mean by "series of images"?

Mirek

I had tried this unsuccessfully... That's why I asked.

```
tree.SetNode(editid, tree.GetNode(editid).SetImage(CtrlImg::ImgEdit()));
```

```
E:\AriUppApps1\ideAris1\main.cpp(26) : error C2662: 'TreeCtrl::Node::SetImage' : cannot convert  
'this' pointer from  
'const TreeCtrl::Node' to 'TreeCtrl::Node &'
```
