I've tried the example found here

[http://www.ultimatepp.org/srcdoc\\$Web\\$SocketExample1\\$en-us.ht ml](http://www.ultimatepp.org/srcdocWebSocketExample1$en-us.ht ml)

But doesn't compile.

I have got the class CmdLineArgProcessor from here

http://www.ultimatepp.org/forum/index.php?t=msg&goto=19157&&srch=CmdLineArgProcessor#msg_19157

Is there an upgrade of this package?

I'm using U++ 1517 and MSC9. Am I missing something?

Thanks,

Luigi

Please use reference/cmdsrv instead..
