aftershock wrote on Sun, 10 January 2010 10:41 This seems to be different problem.. see this:

```
int compactcommandline(int asas)
{
```

as // if you try to autocomplete as it will not offer asas.

```
int i,j;
}
```

Ah, that is a feature, albeit poor one (I guess it will need to be improved): Local variables are not suggested.

Mirek
