Subject: Re: Upp 604-dev2 released
Posted by adkilla on Fri, 14 Apr 2006 07:48:53 GMT

I've downloaded the upp-src-604-dev2.zip and have sucessfully recompiled theide sources.

However the compiled theide reported that it is version 603.r12 NOT version 604 dev2.

Have the 604 dev2 beta release been packaged with the right sources?

Thanks.
