sergeynikitin wrote on Fri, 12 February 2010 15:50I propose to move all downloads from main index.html to special (wich already exist!!!) page - Download.

I think it would be logical and as expected by newbies.

A column of news should not be combined with downloadings (or not directly related to downloading)

It is more logical, but I disagree. I think there is a good reason for such shortcut.... (it was advised to me).
