luzr wrote on Sat, 13 February 2010 15:58I believe our part is OK, but the console simply expects the output to be in different charset.I believe it's not. This code

```
Cout() << "\n";
```

```
for (int i=0; i<s.GetLength(); ++i)  
    Cout() << Format("%02X ", s[i]);
```

gives output:Quote:1F 1F 1F 1F 20 1F 1F 1F 1F 1F 21
Looks like our problem.
